Opening Doors PTA mini grants are available to community members and nonprofit organizations that serve children with special needs in the Peninsula Bay Area. Mini grants are intended for parent education, support groups, therapeutic services, and social events for children and families with special needs. Such activities or events must be made available to Opening Doors PTA members.

Funds are limited and requests should be kept at \$500 and below. Grant requests greater than \$500 will be considered if budget allows and with approval of the PTA board. Completed forms should be sent via email to openingdoorspta@yahoo.com with the subject line: Community grant request. You will be notified of the outcome via email. Once approved, please submit proof of payment for reimbursement.

Please describe the project for which you are requesting a mini grant, and include a statement of its educational value (attach a separate sheet, if needed).
